Your **connection** for information, resources, and support.

What is Hope Not Handcuffs?

Hope Not Handcuffs, an initiative of Families Against Narcotics (FAN), brings law enforcement and community organizations together to find treatment options for individuals seeking help to reduce dependency on any drug, including heroin and prescription medications.

Since 2017, we've helped connect thousands of people with the resources they need and deserve.

How it Works

A person struggling with substance use disorder can walk into any participating police department or community partner and ask for help. They will be greeted with compassion and respect.

A volunteer Angel will be called to help with paperwork and phone calls, and to provide support until a treatment option is found.

A list of participating agencies can be found at www.hopenothandcuffs.com.

Recovery Coach Services

All participants and their families will be offered the services of a recovery coach.

Peer Recovery Coaches have at least 2 years of continuous sobriety and help participants set goals and overcome obstacles to early recovery.

Family Recovery Coaches have lived experience and work directly with family members to help them find peace and regain control of their lives.

There is no charge for any of these services.

This project is supported by the Substance Abuse and Mental Health Services Administration (SAMHSA) Substance Fiscal Year 2018 State Opioid Response Grant (SOR) T/-18-015, awarded to the Michigan Department of Health and Human Services (MDHHS).
